### **Nicholas Adams Joins Ingham ISD as Director of Information Technology Services**

Nicholas Adams joins Ingham Intermediate School District (ISD) as the new Director of Information Technology Services. Prior to joining Ingham ISD, Adams worked at Lenawee ISD for 17 years and was most recently in the role of Director of Information Technology. Adams earned his bachelor's degree from Michigan State University in Telecommunications and Information Technology and holds several technology and project management certifications as well.

At Ingham ISD, Adams will be responsible for assisting in planning and implementation of instructional and operational technology, overseeing day to day technology operations as well as technical and network resources. Building successful relationships with constituent districts and working collaboratively to share technology staff and services, common software systems and other resources, while providing increased learning opportunities for students will be critical.

"We are pleased to have Nicholas Adams join our team," shares Mike Lilly, Executive Director of Information Technology Services for Ingham ISD. "His knowledge and experience will be assets to our strong team of information technology professionals. We look forward to seeing Nicholas lead our teams and work in collaboration with our local districts to meet the needs of students and families in our service area," Lilly also noted.

Ingham Intermediate School District offers program and services to staff and students in the districts of Dansville, East Lansing, Haslett, Holt, Lansing, Leslie, Mason, Okemos, Stockbridge, Waverly, Webberville and Williamston.
